It is hard to believe we are nearing the end of yet another year and the final competitions for 2023 will soon be complete. By all accounts, Shelties have been performing well across the various venues!

Voting for the Sheltie Rules of Eligibility (ROE) will be complete at the time of this writing. You may recall the ROE is an Agriculture Canada requirement for each breed eligible for Canadian Kennel Club registration. We'll forward result of this vote as soon as CKC provides that to us.

Preparations are underway for our biennial 2024 National Specialty and accompanying CSSA Regional Specialty. The Winnipeg Area Shetland Sheepdog Association (WASSA) is our host for these events at the Manitoba Canine Association all breed show. Mark the dates August 15 – 18, 2024 in your calendars now because there are 7 sets of Sheltie conformation points, Sheltie only Obedience and Rally Obedience trials! Trophy sponsorships are available and fundraising raffles will be held in the new year.

2024 is also an election year for the CSSA volunteer executive team. All positions are available for you to consider. Please take time to reflect on how your interest and expertise can contribute to the organization. An individual will soon be appointed to oversee the 2024 election process. In the interim, please contact any one of the current executive if you have questions on how you can nominate yourself or someone else.

Whatever your Sheltie activities are this winter, be sure to share your news and brags by reaching out to your Regional Director for inclusion in the newsletter. Above all, be sure to enjoy the time with your dogs!

Cathy

I hope you are all enjoying this fabulous fall weather we have been having. I know the dogs are, but I fear that when winter comes, it will hit with a vengeance!

I don't know how many of you are interested in Sheltie history, but a very enlightening article [<https://showsmagazine.com/in-search-of-the-last-shetland-sheepdog-breeders/>], may help rethink some of our origins.

I have always believed that the early Shelties were not used for herding, but more as companions, and perhaps to keep the chickens out of the garden!. Once you read this article, you will see what I mean. Also I find it interesting that the Sheltie we know today was not developed on the Shetland Islands as much was done in Scotland, and was mostly for the purpose of producing companions. Definitely the Shetland Islanders did breedings too, as once they found sales to visitors to the Islands, it was a way to supplement their income. Anyways, it's an interesting read.

It is disappointing that more of our members don't share their accomplishments, although I guess with FB., most are done there. That being said, my thanks to Mz Judy for a list of her kennel accomplishments, and my congratulations to her CoastalView Shelties and their owners. And as well to Karen Brearley, Longhaul Shelties, for her recent accomplishments.

Bauer

"A lovely tri colored dog with very correct details in both the head angles and flatness. The well-set ears, dark well shaped eyes, made his expression exceptional. He was short backed with a balanced profile. The first impression is moderate, light and agile. He was sound in all directions. He was in very good condition with a bright inquisitive temperament."
